The background of the page is a detailed line drawing. In the foreground, Sonic the Hedgehog is depicted from the chest up, looking towards the right with a slight smile. Behind him, a large, dense crowd of Echinidna renegades is shown. These characters have various animal-like features, including horns, wings, and different fur colors. Some are holding weapons like spears and swords. The scene is set against a backdrop of stylized, angular buildings and mechanical structures, suggesting a futuristic or industrial environment. The entire illustration is rendered in a reddish-brown line art style.

Also, learn the mystery of what happened to **Echidnapolis!** **KNUCKLES #5** on sale July '97!

**LETTERS PAGE CONTEST!!!** "KnuckleSandwich" and "Post Cards from the Edge of The Floating Island" are okay Letters Page names but they're either too long or they don't have enough zip to them. We need a new Letters Page name, something as catchy as "**Sonic-Grams!**" So wrack those brain-cells and send in your **ideas** either on the back of an **empty envelope** (that's right — empty and sealed), a **postcard**, or a **3x5 index card**, your preference. (Please do not write your idea in with your letter as it will make sorting through the mail that much harder.)

The **winner** will receive an **original pin-up** of Sonic & Knuckles (as drawn by Manny Galan and Pat Spaziante).

The winning suggestion will make its Letters Page premiere in **KNUCKLES #7!**

Of course, you win other prizes for just participating! The **first fifty people** to respond will win a **SONIC & KNUCKLES mini-poster** and a **SONIC 3 game button!** The next 200 people to respond will win a **SONIC & KNUCKLES mini-poster!**

KNUCKLES #5  
On sale JULY 1997

Dear Knuckles-team,

Hallelujah! Knuckles is back!!! And so are The Chaotix! What are you waiting for? Get him his own series! He's different and special in a way that all the other characters in the Sonic Universe aren't. He's also cool, even when Sonic is not around. Now that's what I call a superhero. I ask all the readers to write in and let everybody at Archie Comics know that Knuckles deserves his own series.

Fanie Gregoire  
Napierville, Que.  
Canada

Well, Fanie, it seems enough fans (such as yourself) DID write in and demand my second mini-series become an ongoing series. I thank you all for making it possible! WE DID IT!

Dear Knuckles,

I am a sixteen year old junior in high school. I am also an honor student and an artist. Knuckles, you are my favorite character of all the Sonic comics. You are bright, witty and kind of cute, hmmm... that smirk of yours displays your personality. Now on to a few questions: 1) Does the white ring around your neck represent your status as guardian? 2) Will Enerjak/Dimitri make a comeback? 3) Do you have any idea if Merlin Prower is Tails' dad? 4) Will there be any future issues showing your past with Princess Sally?

Wendy Foster  
Hamptonville, NC

Thanks for the kind words. Answer time: 1) Because the mark is as hereditary as my station as Guardian of The Floating Island, they have become one and the same. 2) Let me let you speak to the editor for that one... What's up, Wendy? This is J. Freddy with the answer: Yes, he will return in issue #'s 7-9 in a story called "Dark Vengeance." Don't tell Knuckles or it will spoil his surprise! 3) I don't know, I didn't think to ask. 4) SONIC #44 showed our "secret" past. For those who haven't read the issue, King Acorn used to vacation on The Floating Island every summer since I could remember. He started bringing Sally with him when we were ages three to five (right before Robotnik took over). We would hang whenever we could. Unfortunately, one of the rules while training to be a future guardian was to avoid contact with others. During her final trip on The Floating Island, I told her I could no longer see her. We hadn't seen each other again until the KNUCKLES' CHAOTIX Special #1.

Hey Knux,

I think you're really cool. I've been your biggest fan since the SONIC 3 game and your first appearance in SONIC #13. I'm really enjoying your Dark Legion mini-series. Manny Galan and Andrew Pepoy's artwork is great. The story is cool, too. I can't believe there are other Echidnas on The Floating Island! I also like the past scenes with Steppenwolf. How is Menniker and Kragok related to you? As long as you're kickin', I'll keep readin'!

Carletta "The Knuckaholic" Davis  
Montgomery, AL

Menniker is my great-uncle fifteen generations removed. Kragok is his descendent as I am Steppenwolf's, so I guess that kind of makes us cousins. What a scary thought.

Dear Knuckles,

My Knucklesholic friend, Max Seimen, showed me your comics and I got hooked ever since. I never miss an issue. I have the SONIC & KNUCKLES game and I always make it to the end with you (never with Sonic). Questions: 1) How does Espio go invisible like in issue #1? 2) Do you and Tails get along? 3) Is being a Guardian as hard as it looks? 4) Do you have a girlfriend? Best wishes from a huge RED fan!

Emily Murray  
Evanston, IL

Espio is a chameleon who can blend in with any background color so it looks like he turns invisible. 2) Tails is okay. He just talks too much. 3) Harder. 4) Not yet.

See you  
next month!
